

I am writing to ask you not to replace my local FM translator service to LPFM. My local K-love station is the only Contemporary Christian music station in our area. It allows me to listen to music my 3 and 4 year old sons can hear without worry of curse words or sexual innuendo. I know many in my area who have every radio in their house and car tuned to 106.7 K-love. It would be in the public's best interest to allow service to K-Love to continue because it gives a clear and advantageous alternative to traditional secular music. Not only does it lack negative influences on our families, it also provides a way to model the love of God, prayer, faithfulness, and worship to both parents and children. Since another contemporary Christian station does not exist in our listening area, many families would be adversely affected at its loss. I hope you will preserve the FM service I value, because its positive and encouraging messages value my family and community. Thank you for your help.
